Answer Dear

I have submitted transfer requests for the five items in your list. s 47F(1) will forward these to Defence forthwith.

Unfortunately, we do not have control over how quickly Defence will transfer the records.

Furthermore, contrary to the advice I gave on NAA1000427471, all records transferred in from Agencies **must be access examined again**, ***even if they have the access status OPEN***, as departments have a tendencey to add material to records which they have them in custody. I was made aware of this just today.

Sincerely,

Client would like an answer to below question

This is a question for someone else but I would like formal advice as to when the records will be publicly available in the Archives.

That is both a general question for the public and also a personal one as I am only visiting Canberra.

In Brisbane NAA a file I sought which was in DVA Brisbane was provided to me during my week-long visit. If I do not get the advice or the time frame is to my mind excessive I will refer the matter to the Ombudsman as I have sought withdrawn files from Defence before and they were never provided.

These fees that have come in from Cabotage very recently.

They will need to be checked as the added material before they can be made available. We will contact you when they are ready to be cleared.

Kind regards,
Sophie
