

Photographs relating to Sir Charles Kingsford Smith

The National Archives holds a large collection of photographs relating to Australian pioneer aviator Sir Charles Kingsford Smith. Many are held in the photographic collections of the Australian Overseas Information Service (AOIS) and are being progressively added to the PhotoSearch database. Searches using terms such as 'kingsford smith' or 'southern cross' will identify captions and enable you to view images that have been placed on PhotoSearch.

* Most photographs within these series are not individually dated. The images of Kingsford Smith and his historic flights appear to have been added to these series many years after they were taken. Where this has occurred, the date of the photograph can only be estimated from a knowledge of the events depicted.
